All Wedding Story Writer books and boxes are hand-made by our team in our North Carolina studio. Each item is made to order specifically for our clients using the finest paper, book cloths and silk ribbons.

These fabric swatches represent merely a small example of the fine fabrics we can supply to our clients.

Please note that colors are subject to change and dye lots may vary. Ordering sufficient fabric for each project is necessary to avoid variations in color or texture.

We have limited quantities of rare and vintage fabrics.

We offer a variety of foil colors, including gold, silver, copper, rose gold, black, white, and gray. We can special order any foil with specific Pantone colors. Please inquire if you need this service.

Our products are available to ship worldwide.
